

2021 & Newer Ford F150 Undercarriage LTA25150 Revised to LTA25150B

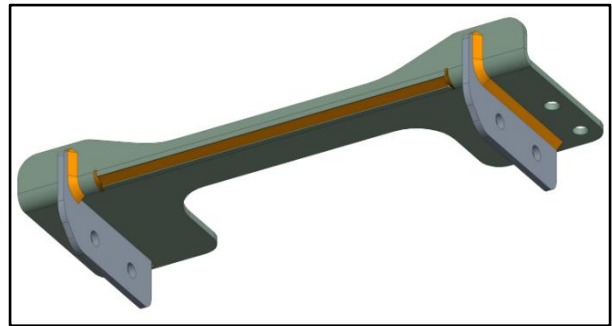

SERVICE BULLETIN

Affected Unit	Model Number(s)	Description	Serial Number(s)
	LTA25150B	UC/RT3,HTX,FORD F150,21+	400000000+

To accommodate a frame variation on a specific trim level of 2021 & Newer Ford F150 trucks (163" Wheelbase - Super Crew with 8' box frame only), BOSS has revised the LTA25150 undercarriage to **LTA25150B**. The LTA25150B undercarriage will retrofit back to 2021 model year trucks. Crossmember variation on the specific truck listed above has prompted a change to the skid plate bracket shown below. A cutout has been added to clear this crossmember across all trim levels. Existing LTA25150 (non-B kits) are usable on all other trim levels except for listed above through the 2023 model year.

Old Skid Plate – LTA10122-03

New Skid Plate – LTA10188-03
